

Premium European Push® Ankle Braces

Push® med Ankle Brace Aequi Flex and ortho Aequi

Patented rigid medial support for ankle injuries

- Increases comfort due to position of rigid components
- Prevents inversion via diagonal strap secured to medial strut
- Allows dorsi/plantar flexion, with comfortable support that adapts to the ankle—flexible shell compresses, conforms to individual anatomy
- Promotes normal walking/ running gait
- Aequi Flex: Updated for greater stability, fit and comfort

Sizing: Select **LEFT** or **RIGHT**

"It [the Push med Ankle Brace] is wonderful, fit is very good, size recommendations per chart were accurate. Push products are very high quality. Been using them for 30 years!"
— Lisa (therapist)

Premium Comfort & Care

Push braces are designed in consultation with medical experts to be anatomically correct and provide optimal support with minimal impact on daily activities. They are made in Europe with premium quality, machine-washable materials for comfort and durability, and have a 90-day guarantee. Most Push products are made of Sympress™, a soft, moisture-wicking microfiber. As the exclusive US distributor of Push braces, BraceLab is dedicated to customer satisfaction. We offer exceptional customer service with rapid response and trained support specialists 9am - 5pm EST, Monday - Friday.

Ordering Push® Braces

- Order via website or phone with credit card
- Ask about our volume discounts, or how to establish purchase order/billing account

To help your patients order directly:

- Print them a copy of the Patient Information Sheet from the relevant product webpage
- Help them determine the correct size
- Let them know they must file their own insurance; BraceLab is unable to assist
