

Thermoskin Wrist Thumb Sleeve contains the exclusive Trioxon lining for clinically proven heat therapy. Thin Stretch memory foam contours to the thumb for easy application and comfort. Thermoskin Wrist Thumb Sleeve combines low level long duration warmth with compression to assist blood flow, provide pain relief and assist in recovery. The outer layer is textured to provide additional grip. Universal design fits right or left hand.

#### Clinically Proven Heat Therapy:

Only Thermoskin Thermal Supports have been clinically proven to increase subcutaneous skin temperature 2-3°F for the optimal level of heat therapy. Thermoskin's Trioxon® lining creates a micro-climate that maintains elevated skin temperature while still allowing the skin to ventilate for long-term user comfort. The spiral structure of the Trioxon lining lifts moisture away from the skin and traps air within the lining to help prevent excessive perspiration.

#### TRIOXON® ADVANTAGE

Thermoskin's exclusive Trioxon lining is soft and comfortable against your skin. Trioxon captures your natural body heat for therapy and pain relief. The three dimensional Trioxon lining provides insulation and wicking of moisture via air circulation. This allows the skin to remain well oxygenated and comfortable for extended periods.

#### INDICATIONS:

- Arthritis, bursitis, tendinitis
- Repetitive Stress Injuries (RSI), soft tissue injuries
- General muscle soreness

**SIZING GUIDE**

Measure circumference around knuckles

	SIZE	INCHES
83190	S	6 - 7 <sup>3</sup> / <sub>4</sub>
84190	M	8 - 9
85190	L	9 <sup>1</sup> / <sub>4</sub> - 10 <sup>1</sup> / <sub>2</sub>
86190	XL	10 <sup>3</sup> / <sub>4</sub> - 11 <sup>1</sup> / <sub>2</sub>
87190	XXL	11 <sup>3</sup> / <sub>4</sub> +
