TheraPutty® stain removal suggestions

remove from hair:
Use baby oil, a generous amount of hair conditioner with warm water or smooth peanut butter. Massage around the scalp and area containing the TheraPutty® and then gently comb it through. After TheraPutty® is removed, wash hair with shampoo.

remove from fabric and carpeting:
Scrape off excess TheraPutty® with a dull knife or metal spoon. Spray with WD-40 and let stand a few minutes. Respray with WD-40 and wipe off stain with cotton balls. Wipe remaining residue with damp sponge or cloth moistened with liquid dish soap.
